culture that encourages us to protect ourselves and others from "darkness" can also prevent us from examining our lives more fully, from doing the work that provides answers to who we are.

Learning to Walk in the Dark by Barbara Brown Taylor

Learning to walk is one of the most important achievements in your baby's life, as it's a big step towards independence. Once he is on his feet, your baby will become a little explorer. When will my baby be able to walk? During your baby's first year, he'll gradually become more coordinated and his muscles will get stronger.

quarters of toddlers will be walking unaided (if you can call it 'walking'), but many children don't master it until 17 or 18 months of age. Again, these timelines are just guides – some kids start early, some are busy working on other things, like building brilliant brains that might one day work out a way to cure cancer or colonise Mars.

Learning to Walk in the Dark: Because God Often Shows Up ...

Read More. New York Times Bestseller. From the New York Times bestselling author of *An Altar in the World*, Barbara Brown Taylor's *Learning to Walk in the Dark* provides a way to find spirituality in those times when we don't have all the answers. Taylor has become increasingly uncomfortable with our tendency to associate all that is good with lightness and all that is evil and dangerous with darkness.

Learning to Walk in the Dark Quotes
Showing 1-30 of 46 "I have learned things in the dark that I could never have learned in the light, things that have saved my life over and over again, so that there is really only one logical conclusion. I need darkness as much as I need light." ? Barbara Brown Taylor, Learning to Walk in the Dark
